

TAJ

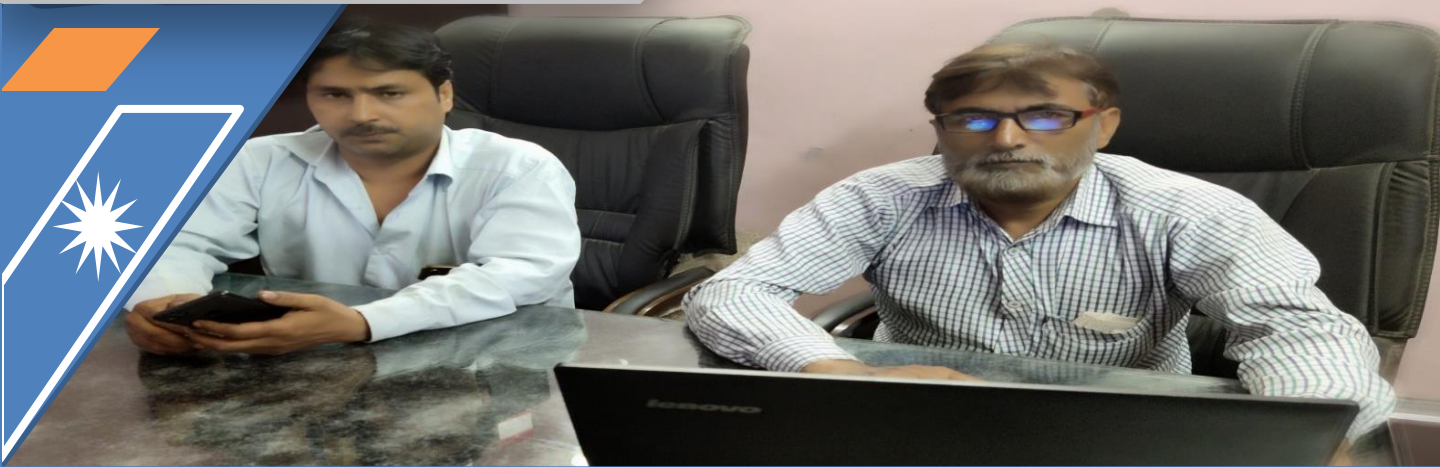

TAJ INDIA MACHINERY

www.tajindiamachinery.com

Manufacturer of auto. polishing machine
Where innovation meets technology

About us

TAJ established in the year 2000, as well known as Manufacturer supplier and exporters, of Various products and seniors such as semi-automatic cutlery Polishing machine, Auto Lancer Machine, SS sheet Polishing machine, Kitchenware polishing Machine & vibrator polishing machine. Heavy duty and professional.

Today

TAJ stands as recognized brand's in its line of activities. Since its inception the company has grown manifold in its operations and performance, mainly because of its commitment to quality as in responding to market need & with innovative and value added products TAJ holds the major share in the Indian market with its products being exported to over 5 countries around the world besides being OEM supplier to many international brands.

Quality Policy

Quality culture runs into every segment of TAJ's working supported of more than so highly qualified professional engineers and dedicated workers whose devotion and dedication has become Constant a TAJ Success TAJ believes that quality the Life line of every business and its committed to satisfy its customers by manufacturing and supplying its products to their satisfaction first time and every time with continuous up gradation in the Effectiveness the quality management system

Who we are ?

The success any industrial organisation closely Parallels its ability to meet the needs a the TAJ INDIA MACHINERY is an outstanding example of this. Through its consistent forts to develop the kind of machine the industrials consumer Wants the Company today holds a position of leadership in the polishing machine manufacturing plants etc.

TAJ is recognized as leader in auto Polishing and cutlery polishing machine Manufacturing plant industry due to its long a story of innovation, which has created major new categories of products expansion into these new products field was the results of a long term and range planning and development programs. Tech campus intention to continually produce innovative new products which may be need today changing.

Taj India Machinery is Delhi, India based firm, engaged in offering a comprehensive series of products. Experts employ the advanced technique to develop these products. In addition, our easy payment options, transparent business dealings, right trade strategy have empowered us in accomplishing.

Some other features:

- + Wide distribution network
- + Safe delivery
- + Cost effective prices
- + Low cost with high quality

CHOOSE YOUR BEST QUALITY MACHINE

TI-AML-2

[Automatic 2019- 2 Head Lancer Machine]

Special Feature:-

- * Abrasive Belt Length 2000 mm
- * Abrasive Belt Width 50mm & 150mm
- * Rubber Contact Wheel O.D 200mm x 50 To 150mm
- * Main Motors 3 HP to 5 HP x 2 Motors
- * Gear Motor 1 HP x 1Motor
- * Gear Box Ratio-1:30 (TAJ INDIA Make)

Power	Amri Belt	Canver Belt
7 HP	50x2000mm	3000x100mm

TI-AML-4

[Malty Head Automatic 2019 Lancer Machine]

Special Feature:-

- * Abrasive Belt Length 2000 mm
- * Abrasive Belt Width 50mm & 150mm
- * Rubber Contact Wheel O.D 200mm x 50 To 150mm
- * Main Motors 3 HP to 5 HP x 4 Motors
- * Gear Motor 1 HP x 1Motor
- * Gear Box Ratio-1:30 (TAJ INDIA Make)

Power	Amri Belt	Canver Belt
13 HP	50x2000mm	46,00x100mm

TI-MI-2

Manual lancer Machine

For polishing and Grinding of stainless steel, casting, copper, aluminum black metal, non-ferrous metal, non metallic work piece.

Power	Amri Belt	Contact wheel
5HP	50x3500mm	500x50mm

TI-KN-3

[Malty Head Counter Machine]

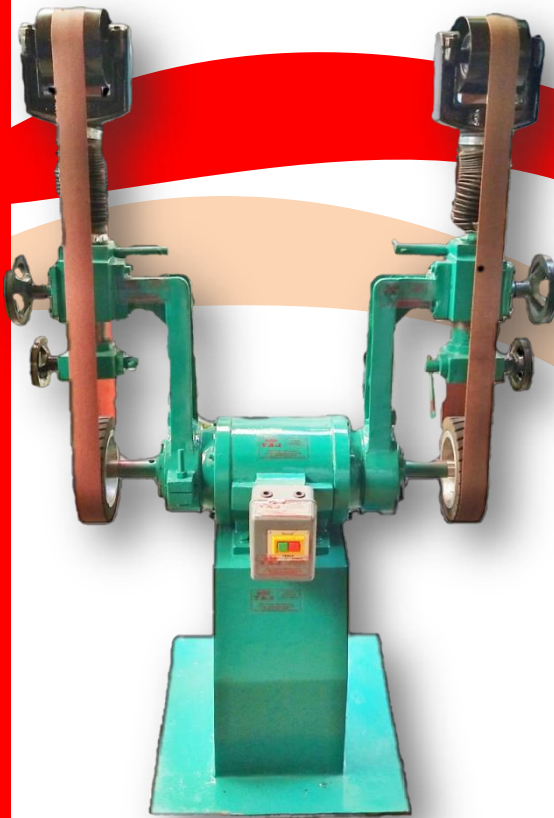

Use of drilling the all types hinges such as SS Hinges & aluminum hinges. Perfectly drilling the hinges by the counter machine

Power	Drilling Size.	Spindle
2HP	14mm	3

Manual Polisher

**2 HP Belt Grinding Machine
(Double Ended)**

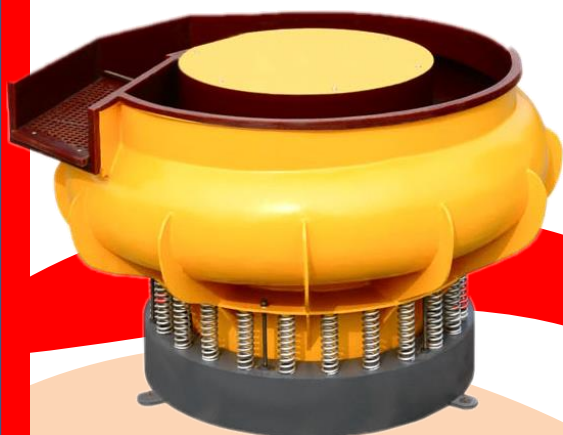

**2 HP Belt Grinding Machine
(Single Ended)**

Application:-

Use for Grinding & Polishing of Arc and Flat Product Such as Steel, Brass, Aluminum, Iron.

Available 2 to 7.5 HP and Phase Versatile like 2 and 3 Phase and 5 for manual polisher maximum power 7.5 HP

Industrial Vibro Polishing Machine
Capacity 150x1200 Liters
TI-600

Round Pipe Polishing Machine
TI-PPM-2

Square Pipe Polishing Machine
TI-ATPMH-28

Application:-

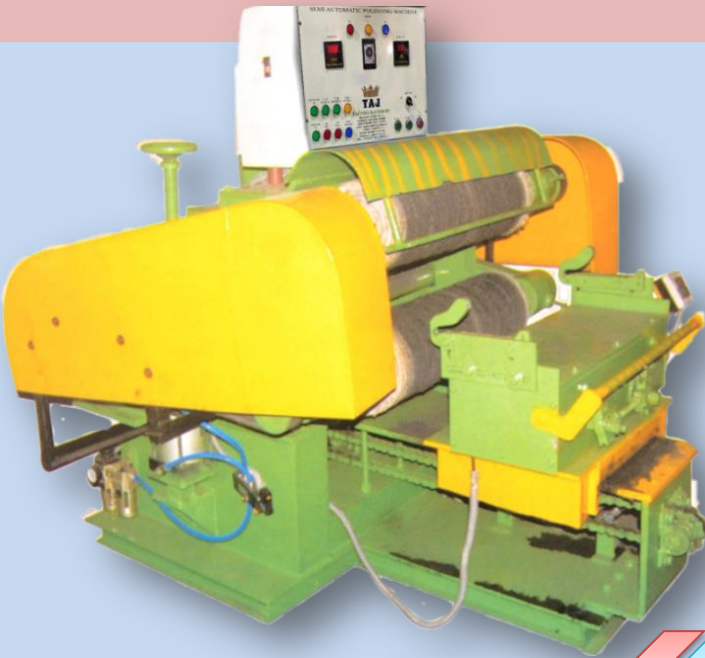

Recommended for square & round pipe polishing and grinding such as Steel, Aluminium, Iron, Brass etc. And by this machine we can polish and grinding of round & square polishing of pipes. Vibro machine use for small hardware products such as small tools.

SEMI-AUTOMATIC POLISHING MACHINE

The Automatic Hinges polishing solutions

TI-AMPA-2

Suitable for polishing & grinding of all kinds hardware products like as jali, AL drops, Hinges, tower bolts, bathroom fitting & many more etc. polishing and grinding

TI-AMPSH-1

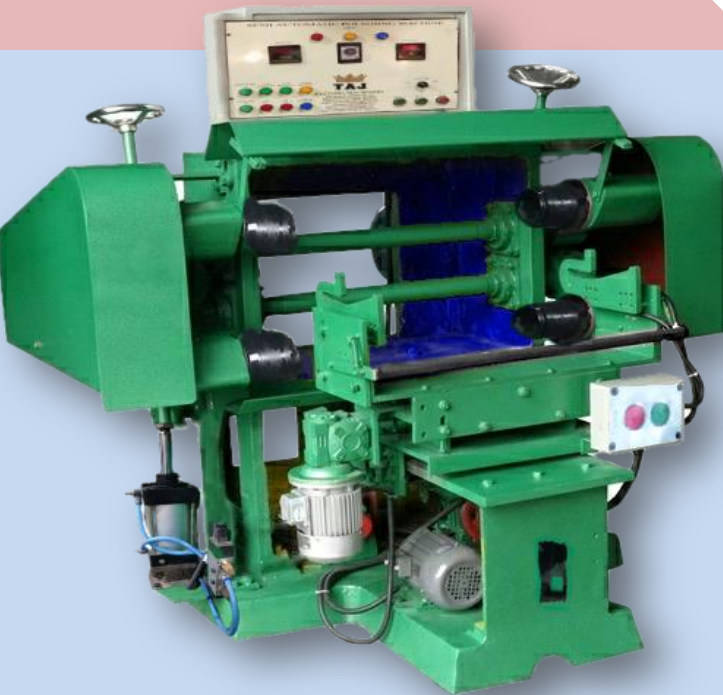

Model No	Spindle	Machine Power	Working Area
TI-AMPA-2	Double	15.75 HP	580x400mm
TI-AMPSH-1	Single	8.25 HP	500x400mm

SEMI-AUTOMATIC POLISHING MACHINE

The Automatic Cutlery polishing solutions

TI-AMP-2

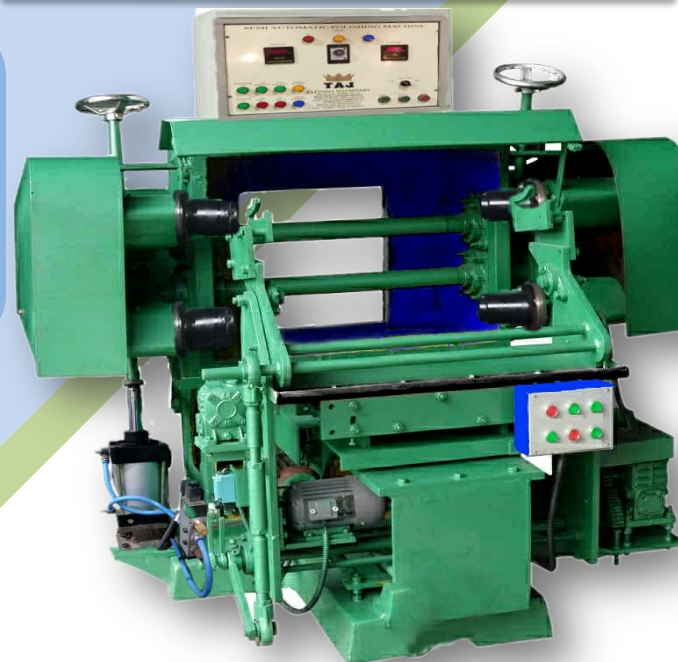

3D Design

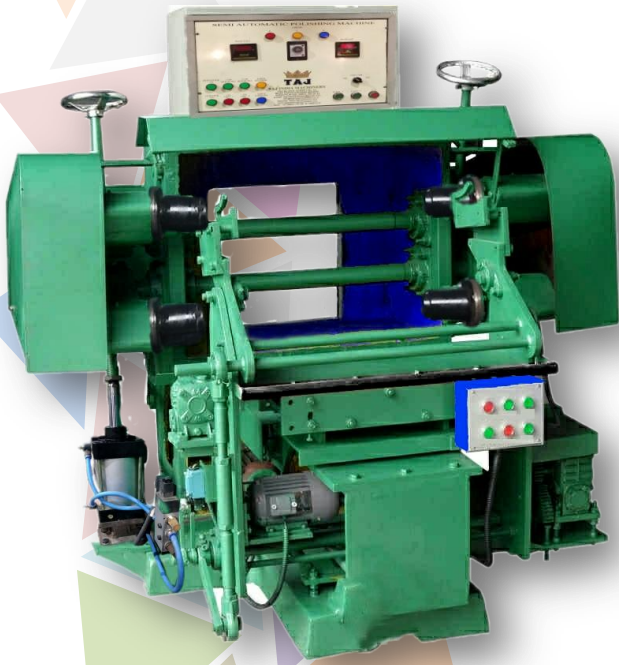

TI-AMPC-2

Suitable for all kinds flat Arc Surface grinding and polishing such as SS Spoon, forks, deaget spoon finishing like mate, mirror, and glossy like that.

Model No	Spindle	Machine Power	Working Area
TI-AMP-2	Double	15.75 HP	580x400mm
TI-AMPC-2	Double	15.75 HP	600x20mm

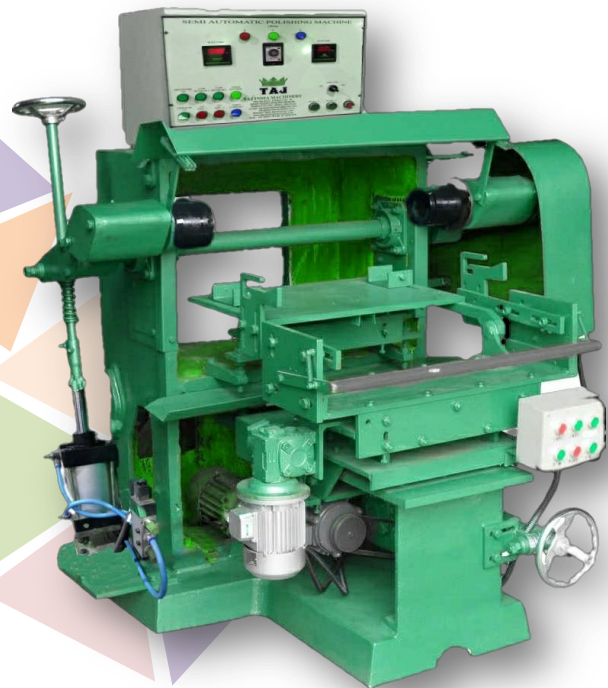

TI-AMPC-2

TI-PEG-1301

TI-PEG-1301 & All

This machine is suitable for the grinding and polishing of SS Forks and Spoons Curve edges in former process and can also polish the intrados and periphery of SS cutlery by installing different polishing materials.

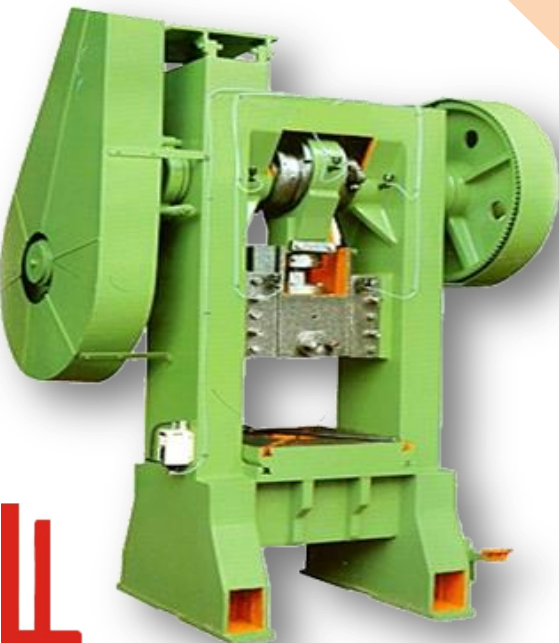

TI-AMPC-1

Model No	Spindle	Machine Power	Working Area
TI-AMPC-1	Single	8.25 HP	580x400mm
TI-AMPC-2	Double	15.75 HP	600x20mm

TI-AMPSS

For polishing and plane burnishing of stainless steel plate black metal, non-furious metal, aluminum plate polishing the rags, edge, oxide, skin, removed by the sheet polishing machine and finishing as glossy mate mirror etc.

This is Delight Hydraulic Power Press various from 30 to 1000 Tons used for molding hawaii or EVA rubber sheet multi daylight and complete with all temperature controllers, timers, auto bumping.

**TI-HPM-001****TI-PPM-001**

This is power press available up to 100 ton from 5 ton capacity to use any kind of jobs in various industries. We design special sizes and stock as per need. The power press fabricated with mild steel body and available in C and H type frame.

- Sisals Shafts
- Cotton Shafts
- Air flow shafts
- Grease
- Cutlery & Hinges
- Waxes
- Polishing Waxes soap
- Service & Repairing
- Abrasive Belts
- Non-woven
- Technical Advice from Experienced engineering

Our Objectives

- ✓ Customer satisfaction
- ✓ Prompt after sales service and solution
- ✓ Innovative and latest technology
- ✓ Quality parts and accessory support

Special purpose
automatic lancer
machine (3D model)

AFTER SALES SERVICES

Machine Lifecycle Services :

- + Installation & Commissioning
- + Upgrade/ Retrofit
- + Value Added Services
- 1. Production Support
- 2. Maintenance/ Servicing
- 3. Annual Maintenance Contracts
- 4. Maintenance Audits
- 5. Process Optimization
- 6. Training for Effective Use of Machir -

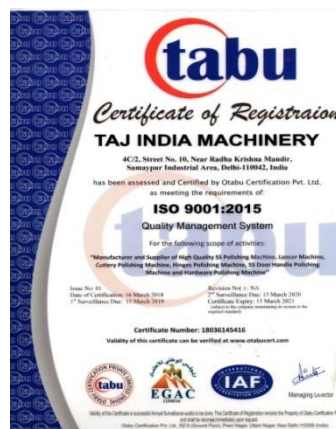

TECHNICAL SUPPORT

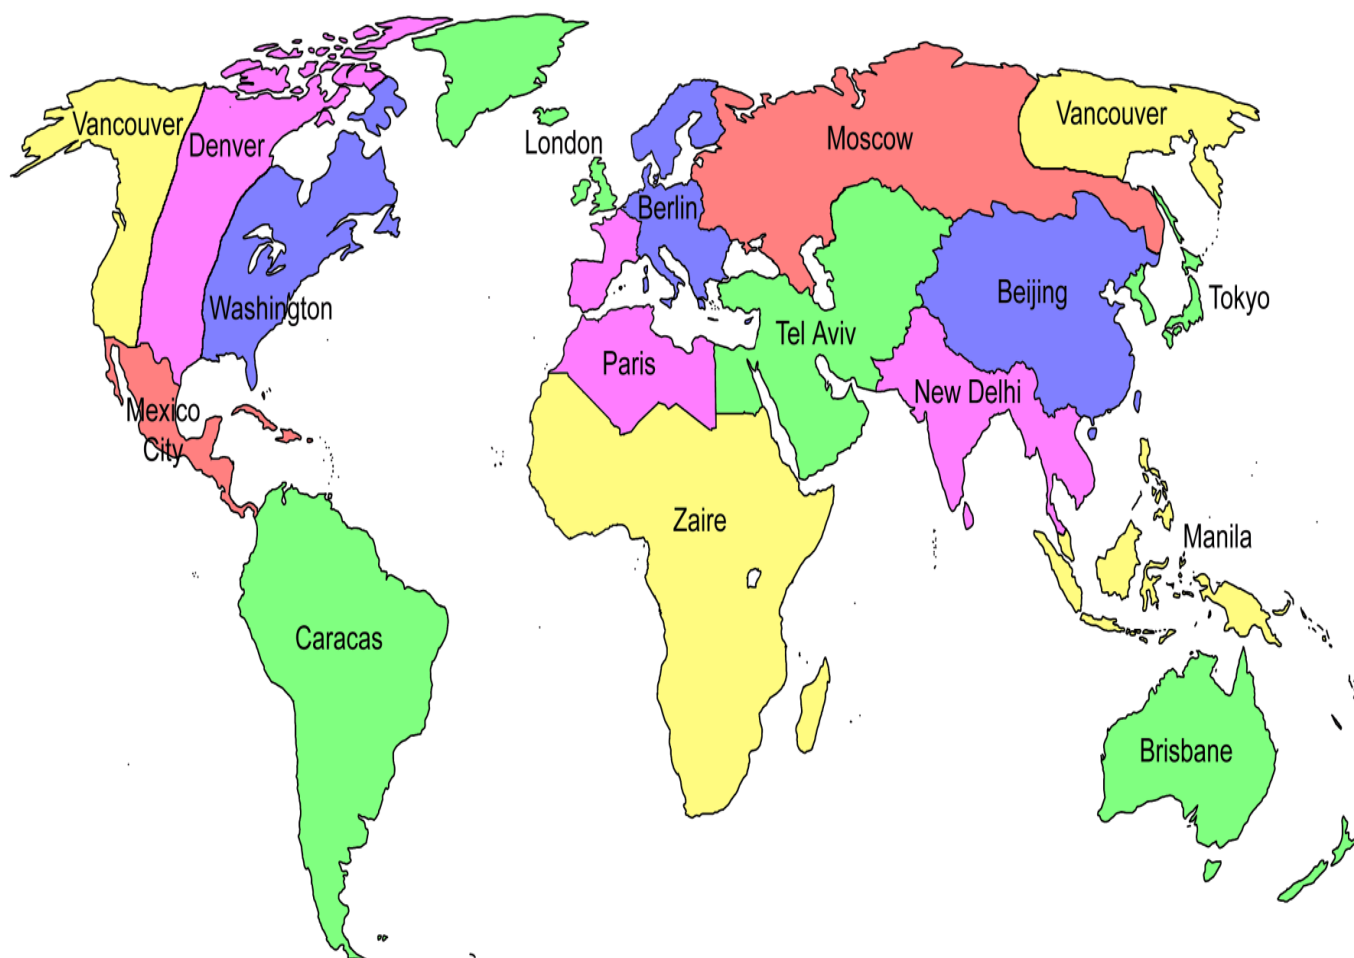

We are not One Day wonder Company. We provide technical support to our customer. We will be here for you always. We make every effort to provide our customers with great products and unparalleled services throughout, which make us stand out from the crowd.
